

Dealer Guide

Dealer Requirements

Thank you for your interest in becoming an authorized dealer of Texas Precious Metals. To qualify as a precious metals dealer/broker, you must:

- Own a business explicitly engaged in the direct sale of precious metals.
- Place a minimum of \$250,000 in annual trades with us. We monitor general activity on a quarterly basis.
- Adhere to all applicable US anti-money laundering laws.

Authorized dealers automatically receive a special login classification that displays applicable product discounts and volume breaks. Please download and read this guide and complete our online dealer application prior to trading.

Placing Trades

Dealers may place trades anytime online at texmetals.com. For those dealers wishing to “drop-ship” directly from Texas Precious Metals to their clients, it is necessary to do the following:

- Use dealer information for the billing address
- Use client information for the shipping address
- Request “white-label” drop shipping in the Notes field during checkout. This designation will ensure that we do not include Texas Precious Metals branded material or invoices in the package.

Placing Trades for Silver Monster Boxes

We offer special discounts for dealers purchasing silver in Monster Box (500 unit) volumes. However, in order to enjoy these discounts, it is necessary to purchase 500 units (not a “Monster Box”) when adding products to your shopping cart. For example, when purchasing 500 Silver Eagles, a dealer should add 500 Silver Eagles to his shopping cart, and not a Silver Eagle Monster Box. By default, any dealer or client ordering 500 Silver Eagles will receive a **SEALED Monster Box** from Texas Precious Metals.

Selling Metal Back to Us

Selling gold and silver bullion back to Texas Precious Metals is simple. Please contact us for a bid when you have items or products to sell that we do not hold in the current inventory. You can find more information about selling back to us at [our “sell to us” page](#).

Questions

This document is specific to dealers. All other information concerning ordering, shipping, legal requirements etc. is available online at texmetals.com.
