

A Premier Precious Metals **STORAGE FACILITY**

Keeping your metals secure and within reach

PURPOSE-BUILT FACILITY

ABOUT US > SWP is a purpose-built precious metals storage facility located in the Cayman Islands. We are considered to be one of the premier precious metals storage facilities in the world. Independently owned and privately operated, we are the best and closest offshore storage option for North American investors seeking to internationalize their hard assets.

SWP provides clients with fully allocated, segregated and insured secure storage of their physical gold and other precious metals. Clients retain direct and complete legal ownership of their precious metal holdings while they are in our facility. Access to stored assets is available by appointment on 24-hours' notice.

SWP is housed within the impressive complex of Cayman Technology Centre (CTC), an energy efficient space that has won awards for its innovation, sustainability, and energy saving design. The CTC's primary energy source is solar power, and for added convenience there are back up batteries and a generator to provide uninterrupted power to the building in case of severe weather conditions.

CTC is also home to one of the largest and most respected security companies in the Caribbean, adding to our own state-of-the-art security system and providing our customers with one of the safest and most flexible storage locations in the world.

INDUSTRY ENDORSEMENTS

"When you ponder the implications of Cyprus, Greece, Puerto Rico and the Chinese stock market you may want to consider keeping your precious metals offshore in someplace like the insured vaults of Strategic Wealth Preservation in Grand Cayman. The alternative is too dreadful to think about when governments start getting greedy."

- Bob Moriarty, 321gold.com

"The Cayman Islands, to my mind, provides the greatest economic freedom and opportunities to investors of any country in the Western Hemisphere. Accordingly, Cayman's premier precious metals storage facility, SWP, has become the Western Hemisphere's best choice for wealth storage."

- Jeff Thomas, *feature writer for Casey Research*

OFFSHORE JURISDICTION

WHY THE CAYMAN ISLANDS

> Our facility is strategically located in an offshore jurisdiction that has a long history of investor friendliness. We are close enough to major North and South American urban centers so that you can quickly access your holdings if need be. We believe that investors would prefer to achieve the internationalization of their assets without having them held in more distant storage facilities in either Europe or Asia.

Proximity: The Cayman Islands are located within a half-day's travel of urban centers in North, South and Central America. Major airlines including US Airways, American Airlines and British Airways provide daily flights arriving at the Owen Roberts International Airport in George Town. The airport is located less than one kilometre from the SWP facility.

Destination	Air time to Cayman
Miami	1 hour, 24 minutes
Atlanta	2 hours, 31 minutes
Dallas	3 hours, 10 minutes
New York	3 hours, 35 minutes
Chicago	3 hours, 42 minutes
Boston	3 hours, 54 minutes
Toronto	3 hours, 52 minutes
Vancouver	6 hours, 41 minutes

Tax & Tariff Free: There is no direct taxation of any kind, nor has there ever been, in Cayman's history. No income tax, no sales tax, no capital gains, no inheritance tax, etc. Precious metals are not subject to tariffs upon entry or exit of the country, nor is the purchase or storage of precious metals in the Cayman Islands subject to value added tax (VATs).

Politically Stable & Modern Jurisdiction: The Cayman Islands are a British Overseas Territory that possesses both a stable and modern political and legal system, fully supported by the laws and military strength of the United Kingdom. The islands also boast a first-world level of infrastructure and professional services.

Neutrality: The Cayman Islands are not part of any global disputes and adheres to a policy of neutrality.

Financial Centre: The Cayman Islands are the fifth largest financial center in the world. The financial industry is Cayman's lifeblood and, as such, economic freedom is understood by both its government and its people to be essential for their mutual prosperity. In choosing Cayman as the site for SWP, we selected the best possible jurisdiction in the western hemisphere in which to store your wealth.

Discretion: As a privately operated storage facility, SWP does not have any wealth-reporting requirements to the Cayman or any foreign governments.
